Company Brochure

About EcoEra Overseas

Global trade, grown from Indian soil

EcoEra Overseas is an export house established in Madhya Pradesh, India, dedicated to bringing the finest agricultural produce from Indian farms to tables and businesses around the world. Guided by a simple promise — premium quality, every single time — we work closely with growers, processors and quality partners to build a supply chain that global buyers can rely on.

Our Mission

To deliver premium-quality Indian agricultural products worldwide, earning the trust of every partner through consistency, transparency and care — at every step, from farm to final port.

Quality First

Every consignment is sourced and inspected to meet international standards.

Global Trust

Reliable, transparent dealings that turn first-time buyers into partners.

Sustainable Roots

Ethical sourcing that respects farmers, land and long-term supply.

Our Reach

From our base in Madhya Pradesh, we source across India's key agricultural belts and export to businesses and buyers across the globe — building long-term partnerships, one shipment at a time.

"EcoEra — An Era That Never Ends."

Our commitment to quality, sustained across generations

Our Products

A curated basket of 65+ agricultural exports, with origin & specialty

OUR SIGNATURE

Honey

Raw, unadulterated honey sourced from trusted apiaries.

Raw Forest Honey

Harvested from wild forest hives in Madhya Pradesh; unprocessed and rich in natural enzymes.

Multiflora Honey

Collected from mixed wildflower blooms across central India; balanced sweetness with a floral aroma.

Wild Honey

Gathered from untouched forest belts; prized for its bold, distinctive flavour and purity.

OUR SIGNATURE

Saffron

Hand-picked Kashmiri-grade saffron of exceptional purity.

Kashmiri Mongra Saffron

Grown in the saffron fields of Pampore, Kashmir; renowned for deep crimson colour and intense aroma.

Premium Grade-A Saffron

Hand-picked from high-altitude Kashmir valleys; the finest grade for colour, flavour and potency.

Saffron Threads

Sun-dried whole threads from Kashmir's saffron belt; ideal for culinary and traditional use.

Spices

Aromatic Indian spices, whole and ground, export-graded.

Red Chilli Powder

Ground from sun-dried chillies grown in Guntur, Andhra Pradesh; valued for vibrant colour and heat.

Coriander Seeds

Cultivated in Rajasthan and Madhya Pradesh; mildly citrusy with a warm, earthy aroma.

Cumin Seeds

Grown in the arid plains of Gujarat and Rajasthan; a staple spice with a warm, nutty flavour.

Black Pepper

Sourced from Kerala's Malabar Coast; known as the 'king of spices' for its sharp pungency.

Green Cardamom

Grown in the hills of Idukki, Kerala; aromatic and intense, used in sweet and savoury dishes.

Cloves

Harvested along Kerala's coastal spice belt; prized for a strong, warm aroma and traditional use.

Fennel Seeds

Cultivated in Gujarat and Rajasthan; sweet, liquorice-like flavour, popular as a digestive aid.

Fenugreek Seeds

Grown across Rajasthan and Madhya Pradesh; slightly bitter, used widely in spice blends.

Our Products

Continued — origin & specialty by category

Mustard Seeds
Sourced from Madhya Pradesh and Rajasthan; pungent and sharp, essential to Indian tempering.

Ajwain (Carom Seeds)
Cultivated in Gujarat and Rajasthan; strong thyme-like aroma, valued for its digestive use.

Star Anise
Grown in North-East India; distinctive liquorice flavour, used in spice blends and teas.

Bay Leaves
Sourced from Uttarakhand and the Northeast; adds subtle herbal depth to slow-cooked dishes.

Vegetables

Farm-fresh vegetables handled under strict cold-chain care.

Green Chillies
Grown across Madhya Pradesh and Karnataka; fresh, crisp and consistently graded for export.

Onions
Sourced from Nashik, Maharashtra, India's onion heartland; firm bulbs with a long shelf life.

Tomatoes
Cultivated across Madhya Pradesh and Karnataka; vine-ripened for colour, firmness and flavour.

Ginger
Grown in the hills of the Northeast and Kerala; fibrous, aromatic rhizomes with a sharp bite.

Cabbage
Grown in the highlands of Madhya Pradesh and Himachal Pradesh; firm heads, crisp fresh leaves.

Turmeric
Cultivated in the Nizamabad belt of Andhra Pradesh and Madhya Pradesh; prized for colour and purity.

Potatoes
Grown in the fertile plains of Uttar Pradesh and Madhya Pradesh; graded for size and firmness.

Garlic
Sourced from Madhya Pradesh, India's leading garlic-growing state; strong aroma, dense cloves.

Okra (Bhindi)
Cultivated across central India; tender pods handpicked at peak freshness for export.

Fruits

Seasonal fruits packed and shipped at peak freshness.

Alphonso Mangoes
Grown in Ratnagiri and Devgad, Maharashtra; celebrated as the 'king of mangoes' for its sweetness.

Pomegranates
Cultivated in Maharashtra's Solapur belt; prized for ruby-red arils and balanced sweetness.

Guavas
Sourced from Uttar Pradesh and Madhya Pradesh; fragrant, firm-fleshed fruit rich in vitamin C.

Bananas
Sourced from Maharashtra and Tamil Nadu; naturally ripened and graded for export consistency.

Grapes
Grown in Nashik, Maharashtra, India's grape capital; seedless varieties with excellent shelf life.

Papayas
Cultivated across Madhya Pradesh and Andhra Pradesh; sweet, soft-fleshed, harvested at export maturity.

Grains & Cereals

Premium wheat, rice and cereal grains for global kitchens.

Basmati Rice
Grown in the foothills of Punjab and Haryana; long-grain and aromatic, the benchmark of Indian rice.

Wheat
Sourced from Madhya Pradesh and Punjab; high-protein grain milled for consistent quality.

Maize (Corn)
Cultivated across Madhya Pradesh and Karnataka; graded for size, colour and moisture content.

Barley
Grown in Rajasthan and Madhya Pradesh; a hardy, nutrient-dense grain for food and feed use.

Sorghum (Jowar)
Sourced from Maharashtra and Karnataka; a gluten-free staple grain, rich in fibre.

Pulses & Lentils

A wide variety of dals, sourced and cleaned to export norms.

Toor Dal
Grown in Madhya Pradesh and Maharashtra; an everyday staple, split and polished for export.

Chana Dal
Sourced from Madhya Pradesh, India's largest chickpea-growing state; high in protein and fibre.

Moong Dal
Cultivated across Rajasthan and Madhya Pradesh; small, quick-cooking lentils, mild and versatile.

Masoor Dal
Grown in Madhya Pradesh and Uttar Pradesh; red lentils prized for quick cooking and rich flavour.

Urad Dal
Sourced from Madhya Pradesh and Andhra Pradesh; a staple black gram used across Indian cuisine.

Rajma (Kidney Beans)
Grown in the hills of Himachal Pradesh and Jammu & Kashmir; large, creamy-textured beans.

Kabuli Chana (Chickpeas)
Cultivated in Madhya Pradesh and Maharashtra; large, light-coloured chickpeas favoured globally.

Lobia (Black-eyed Peas)
Sourced from central India; a versatile, protein-rich legume for global kitchens.

Millets (Shree Anna)

Nutrient-rich millets, India's gift to global superfoods.

Pearl Millet (Bajra)
Grown in Rajasthan and Gujarat; a drought-resistant grain, rich in iron and fibre.

Finger Millet (Ragi)
Cultivated in Karnataka and the Himalayan foothills; calcium-rich, a true ancient superfood.

Foxtail Millet
Grown across central and southern India; a fine-grained millet valued for its nutrition.

Sorghum Millet
Sourced from Maharashtra and Karnataka; a versatile gluten-free grain for modern diets.

Tea & Coffee

Handpicked leaves and beans from India's finest estates.

Assam Black Tea

Grown in the Brahmaputra valley of Assam; bold, malty tea leaves known worldwide.

Darjeeling Tea

Cultivated in the misty hills of Darjeeling, West Bengal; the delicate 'champagne of teas'.

Green Tea

Sourced from Assam and the Nilgiris; lightly processed leaves that retain natural antioxidants.

Arabica Coffee

Grown in the shaded hills of Karnataka's Coorg region; smooth, aromatic and mildly acidic.

Robusta Coffee

Cultivated in Karnataka and Kerala; bold, strong-bodied beans with higher caffeine content.

Dry Fruits & Nuts

Premium almonds, cashews and dried fruit selections.

Almonds

Sourced from Jammu & Kashmir and select growing origins; crunchy, nutrient-dense kernels.

Cashews

Grown along the coasts of Kerala, Goa and Maharashtra; creamy texture, export-grade quality.

Raisins

Cultivated in Sangli and Nashik, Maharashtra; sun-dried grapes with natural sweetness.

Walnuts

Grown in the orchards of Kashmir; rich, buttery kernels prized for their quality.

Pistachios

Sourced from select growing regions; vibrant green kernels with a distinctive rich flavour.

Dried Figs

Cultivated in Maharashtra and select regions; naturally sun-dried for a chewy, sweet finish.

Oilseeds

Quality oilseeds including sesame, mustard and groundnut.

Sesame Seeds

Grown in Madhya Pradesh and Rajasthan; oil-rich seeds valued for their nutty flavour.

Groundnut

Sourced from Gujarat, India's largest groundnut-producing state; high oil content, consistent grading.

Soybean

Cultivated extensively in Madhya Pradesh, the 'soybean state' of India; a key protein and oil crop.

Sunflower Seeds

Grown in Karnataka and Maharashtra; light, versatile seeds pressed for premium oil.

Global Reach
